**Instructions:**

- **Each county that elected for FY 2008 a share of the State payment (formula payment or is in a transition state) must complete this form.** The following are the transition states: California, Louisiana, Oregon, Texas, Pennsylvania, South Carolina, South Dakota, and Washington.
- If the county share of the State payment (or State transition payment) is greater than \$100,000 but less than \$350,000, the county must allocate a total of 15% to 20% of its share to Title II projects in Column D or to Title III projects in Column E. The total of percentage amounts in Columns D and E must be no less than 15% and no greater than 20%.
- If the county share of the State payment (or State transition payment) is \$350,000 or greater, the county must allocate a total of 15% to 20% of its share to Title II projects in Column D or to Title III projects in Column E, except that the allocation for Title III projects may not exceed 7%. The total of percentage amounts in Columns D and E must be no less than 15% and no greater than 20%.

- If the county share of the State payment (or State transition payment) is less than \$100,000, the county may, but is not required to, allocate its share in the same manner as a county with a share that is greater than \$100,000 but less than \$350,000.
